The Lionsgate Portal is a big deal!!

The Lion's gate Portal arrives every year on 8th August & is a big deal in Numerology. This is a time of the year to receive spiritual downloads from the Universe.

Here is a quick guide on how to use this extremely special time to enhance your awareness of your true path in this lifetime.

A few days before the Lionsgate portal opens you may start to feel a growing sensation of being plugged in to an elevated state of being; you may feel attuned to the cosmic energies that are abounding right now.

From 26th July 26th until 12th August we will have entered a celestial vortex known as Lion's Gate Portal.

This auspicious period is believed to enhance our spiritual growth, elevate our consciousness & aid in transformation; due to the higher awareness we are granted thanks to Light Codes - supercharge our manifestation powers.

This will be especially prevalent at the peak of Lion's Gate Portal; 8th of August, known as the Galactic New Year.

What is the Lion's Gate Portal?

The Lion's Gate Portal is triggered when Sirius is closest to the Earth & aligns with the Sun in Leo, the constellation represented by the courageous lion.

In astrology, we link Sirius to our higher spiritual aspirations & the elevated karmic journey of our soul. The Sun is related to our identity, ego, sense of purpose & the potential for where we can 'shine' in this lifetime.

Therefore, when they are together the brightness of Sirius merges with the life-giving power of the Sun to illuminate our true path & where we can reach optimum spiritual growth. Their alignment creates a portal through which we receive potent messages in the form of Light Codes.

These can be anything from divine downloads, sudden flashes of inspiration or awareness, a serendipitous meeting, ethereal messages and energetic activations.

Trust that you will receive what you need & not what you want

This energy is thought to provide accentuated opportunities for healing, manifestation & enlightenment. It can trigger transcendental awareness & broadens our mental & spiritual horizons, allowing us to integrate a new level of consciousness.

The Secret

Is that we need to have clear intention & a strong vision of the outcome we desire; gratitude for what we are attracting, even before we have it, & faith that we deserve this eventuality.

We must also 'release' what we want to manifest into the Universe & trust that we will receive what it is we *need*, not always what we *want*. All manifestation, at its core, is an act of co-creation with the Universe.

The Lion's Gate Portal is thought to be energetic vibrations travelling to us via Light Codes are being received directly from the Galactic Centre, which is the Source of all knowledge.

How can we use this Lion's Gate Portal energy

During the Lion's Gate Portal vortex it can be useful to treat all opportunities & situations as serendipitous. You may receive a deep message or lesson or flashes of inspiration helping you to complete a deep transformative shift.

Keep a vision in your mind of the person you want to become, what part of yourself you want to step away from.

- What has been inhibiting you?
- What patterns can be broken or ties you can cut that keep dragging you back?

On Galactic New Year (8th August) start the day with a gratitude list. Gratitude is an essential part of manifestation as it literally changes our frequency to one of high vibrational reception.

It may be a good idea to write a gratitude list on each day of the portal, even if it's just one thing you're thankful for – then this opens you up to receive even more.
