## How to book your party event

---

### *Hello & welcome*

Thank you for taking the time to read "How to Book an Event" guide. This page will give you all the information you need to book an event.

### *How do I make the booking?*

The best way to book your special day is to drop me an email with your contact information, outline of the special event including time & date & I'll call you at a time convenient for you to discuss further details or simply give me a call, details below.

### *What is the booking process?*

The process is straight forward I'll send you an email confirming the details including the cost for the booking. If you are happy with the details, I will ask you to pay a 50% deposit of the overall cost of the booked event.

### *This is an approx price guide: based on 15 minutes per reading*

5 clients - £100.00 (deposit £50.00)  
10 clients - £195.00 (deposit £97.00)  
15 clients - £285.00 (deposit £142.00)

If you have a larger event or wish to have a longer reading time, I'm happy to discuss the costs with you.

### *How many can attend the event?*

The number attending the event is up to you; I work on a ratio of 12 readings per Tarot reader over 2½ hr event.

### *Where will the event take place?*

The venue is of your choosing, either at home or at a hired venue. Please note I do have a radius of 20 miles or a 30 minute drive from my home town of Braintree & there is not charge for travel time or petrol.

### *What happens if I need to cancel?*

That's not a problem; send me a confirmation of the cancellation by email, 14 days prior to the event date. I will refund your deposit in full, unfortunately less notice than 14 days notice of cancellation will result in the loss of your deposit.

### *The fun stuff*

I will arrange for the readers to attend the event. I'll contact you a few days before the event date to confirm we are still on track. The reader(s) will bring their own tools, including Tarot cards, cloths, crystals & candles.

On the day I will arrive 15 minutes before the start time, introduce my team, we will set up & other than that, sit back & enjoy your day.
